This June, Children's Special at the National Museum celebrates the launch of our special publication for families, **Get Curious! – The Official Interactive Family Guide to the National Museum of Singapore** *. Explore our permanent galleries as a family with this book, and discover the exciting stories of highlighted artefacts through themes such as Animals, Colours, Shapes, Transport and Values.

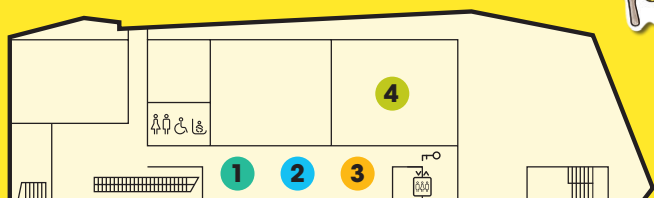

Plus, visit our **basement level** to discover fascinating story worlds of the land, sea and forest, play on bouncy castles, discover toys of the past and share stories of what's in your world. Get curious – what interesting stories will you find at the museum?

\$18
per copy
(U.P. \$24.90)

*Get Curious! is available for sale at the Canyon (Basement Level) at a special introductory price in June.

Look out for these interactive installations on the Basement Level

Free programmes for the family

A Character Tours

1 Jun
2pm, 3pm & 4pm (30 min)
